is a subject that should command the attention of all prospective buyers at this time. It is just as certain to come within the next few months as two and two is four.

This is a logical reason why you should buy a plano to-day and not put it off.

Another Reason, equally effective, is the opportunity we are offering to plano buyers in the shape of special bargains, slightly used planos that have been taken in exchange. They have been renovated and can hardly be classed as second-hand goods, being, in fact, virtually as good as new. Many of them are from
